

8SCSE01.0200-00

1 General information

Shield component set 8SCSE01.0200-00 is installed on the underside of ACOPOS P3 8EI servo drives with a width of 133 mm and consists of a shield mounting plate on which shield connection clamps for device-side shielding of DC bus and brake resistor cables can be installed.

2 Order data

Model number	Short description	Figure
	Shield component sets	
8SCSE01.0200-00	ACOPOS P3 shield component set: 1x ACOPOS P3 shield mounting plate, 2x 2x M3x6 screws	

Table 1: 8SCSE01.0200-00 - Order data

3 Technical data

Model number	8SCSE01.0200-00
General information	
Short description	ACOPOS P3 shield component set: 1x ACOPOS P3 shield mounting plate 2x, 2x M3x6 screws
Certifications	
CE	Yes
Mechanical characteristics	
Dimensions	
Width	84 mm
Height	108.6 mm
Depth	102 mm
Weight	80 g
