

## Replacement parts list

### Shuttle replacement parts

Material number	Component	Quantity per shuttle	Description
8F1SAP.VW0001002-1	V-wheel 	2x	2 v-wheel with 2 bearings and precision flat washer
8F1SAP.FW0001002-1	Flat wheel 	2x	2 flat wheel with 2 bearings and precision flat washer
8F1SAP.ASB001002-1	Antistatic brush 	Not suitable for diverters: 1x Suitable for diverters: 2x	10 pcs. The antistatic brush establishes electrical contact between the shuttle body and the guide rails of the track in order to dissipate the electrical charge that occurs.
8F1SAP.LF0001002-1	Lubrication felt 	2x	10 pcs. The lubrication felt absorbs the lubricant and serves to lubricate the guide rail and the V-wheels.
8F1SAP.SC050C00X-1	Shuttle cover 	Not suitable for diverters: 1x Suitable for diverters: 2x	10 pcs. Set for 10 shuttles that are not suitable for diverters or 5 shuttles that are suitable for diverters  The shuttle cover lies over the magnet unit.
8F1SAP.SC100C00X-1	Shuttle cover 	Not suitable for diverters: 1x Suitable for diverters: 2x	10 pcs. Set for 10 shuttles that are not suitable for diverters or 5 shuttles that are suitable for diverters  The shuttle cover lies over the magnet unit.

## Replacement parts list

Material number	Component	Quantity per shuttle	Description
8F1SAP.GD050P00I-1	Shuttle glider for 50 mm shuttle, suitable for diverters Upper shuttle glider:	Upper shuttle glider: 1x Lower shuttle glider: 2x	4 pcs. lower glider, 2 pcs. upper glider Set for 2 shuttles  Shuttle gliders are used to support shuttle guidance. Screws are included in delivery.
	  Lower shuttle glider:		
			
8F1SAP.GD050P00X-1			20 pcs. lower glider, 10 pcs. upper glider Set for 10 shuttles
8F1SAP.G0050P00I-1	Shuttle glider for 50 mm shuttle, not suitable for diverters Upper shuttle glider:	Upper shuttle glider: 1x Lower shuttle glider: 1x	2 pcs. lower glider, 2 pcs. upper glider Set for 2 shuttles  Shuttle gliders are used to support shuttle guidance. Screws are included in delivery.
	  Lower shuttle glider:		
			
8F1SAP.G0050P00X-1			10 pcs. lower glider, 10 pcs. upper glider Set for 10 shuttles

Table 1: Shuttle replacement parts

Material number	Component	Quantity per shuttle	Description
8F1SAP.GD100P00I-1	Shuttle glider for 100 mm shuttle Upper shuttle glider:	Suitable for diverters: Upper glider 2x Lower glider 2x  Not suitable for diverters: Upper glider 1x Lower glider 1x	2 pcs. lower glider, 2 pcs. upper glider Set for 2 shuttles that are not suitable for diverters or 1 shuttle that is suitable for diverters  Shuttle gliders are used to support shuttle guidance. Screws are included in delivery.
8F1SAP.GD100P00X-1	  Lower shuttle glider:  		10 pcs. lower glider, 10 pcs. upper glider Set for 10 shuttles that are not suitable for diverters or 5 shuttles that are suitable for diverters
